[This verse] tells us that the more sinful man rebels against God and hardens his heart by impenitence, the more wrath of God he stores up unto himself. The entire book of Revelation has shown the continual rebellion of the lost, deceived world in that period; hence God's wrath nears the point of overflow.

These angels will take the _____ and pour them out upon the earth. God's Mercy ended, His Judgment on sin will then be _____.

Here, the smoke also represents the manifestation of God's _____ ~ v. 8

...and from his power...

This phrase is speaking of the power of God over men to judge sin and wrong. The word also can be translated force, strength and violence.

v. 8b ...and no man was able to enter into the temple, till the seven plagues of the seven angels were fulfilled.

This indicates that the final opportunity of salvation has passed and none will be allowed to enter until the full judgment is poured out upon sin.

One day, The grace of God that offers salvation to lost men will be withdrawn and any prayers for mercy will go unheeded. These verses should motivate us to want to see as many saved as possible before that door closes!
